Frontend Developer | Project & Operations Coordinator

Frontend Developer with experience building React + TypeScript applications and supporting structured workflows involving data mapping, QA validation, and process optimization. Combines technical development with 10+ years of operations, HR, and cross-functional coordination experience to deliver accurate, user-focused systems.

Core Skills

Frontend: React, TypeScript, JavaScript (ES6+), HTML5, CSS3

Tools & Tech: Firebase, REST APIs, JSON, Git, GitHub, Vercel, VS Code

Operations: Workflow Optimization, Project Coordination, Data Management, Process Improvement, Cross-Functional Support

Projects

DocuFlow Template Manager | React, TypeScript, JSON

Live: docuflow-template-manager.vercel.app • GitHub: github.com/momycani/docuflow-template-manager

- Built a document template workflow dashboard simulating lifecycle management for policies, quotes, binders, endorsements, and notices
 - Implemented schema-driven field mapping using structured JSON data
 - Developed QA tracking for mapping issues, formatting errors, and regression risks
 - Created Jira-style request queue for triaging bugs, compliance updates, and template changes
-

ProjectOps Dashboard | React, TypeScript

Live: projectops-dashboard.vercel.app • GitHub: github.com/momycani/projectops-dashboard

- Built a project tracking dashboard with milestones, tasks, risks, and stakeholder visibility
 - Implemented structured data models and status tracking for project lifecycle management
-

Additional Projects:

Skinstric (React + TypeScript), Summarist (Full-Stack React + Firebase), Movie Explorer (API Integration), Ultraverse Market (E-commerce UI)

Professional Experience

Pelican LLC — Office Coordinator | 2022 – 2025

- Managed multi-entity operations including HR records, payroll auditing, and benefits tracking
- Coordinated property operations including leasing, billing, and maintenance workflows
- Improved efficiency by digitizing records and streamlining documentation processes

FOX Factory — Office Manager | 2019 – 2022

- Supported HR operations including onboarding, recruiting coordination, and employee records
- Maintained compliance documentation and internal communication processes

Walmart — Personnel Coordinator | 2009 – 2019

- Managed hiring, onboarding, scheduling, payroll auditing, and benefits administration
- Ensured compliance with company policies and employment regulations

Las Vegas Tile Importers — Office Manager | 2007 – 2010

- Managed accounting, payroll, and operational coordination across locations
-

Education

Frontend Simplified Bootcamp (FES)
